GAR Integrity

Reg # +14222612 Yr. SC: 36.8 cm
 Calved: 8/16/02 tattoo: 6002 Yr. Frame: 6
 BW: 78 lbs./ ET Mature: 2130 lbs./ 54 in.
 WW: 746 lbs./ ET Leased from: Sunny Valley Farm and Oak
 YW: 1340 lbs./ ET Tree/Gaffney, IL and Gardiner Angus Ranch, KS

Yearling Female
 Sandpoint Cattle Co., LLC, NE

Integrity makes great opportunities happen. A tremendous choice for heifers, his CED is high (top 10%) and he adds major marbling (top 4% IMF) and muscle (top 10% REA). He is a frame-moderator that excels for correctness—a trait that you'll admire in his calves. Integrity sires cattle that are much thicker, wider-based and cooler-looking than average. His calves consistently shine at auction--evidenced by the Fall '06 sale circuit, and commercial cowboys have studied their lesson, too. They get high conception rates, then calve lots of fancy, thick, easily-born calves out of their heifers--calves that at harvest time will return ample rewards for superior carcass merit.

Foresight

7AN251

- Sires Eye-Catching, Fast-Growing Calves
- Top 5% CED, Top 3% BW and Top 10% WW and YW

Foresight combines a historic trio of calving ease favorites into one good-looking young bull. With 208, BAR Ext and 5204 in his lineage, expect Foresight to sire not only below-average birth weights, but to generate superior females as well--all three of the 'up-front' bulls in his pedigree are recognized for their excellent daughters, super udders and ample milk flow. His early data certainly spreads out BW and growth, plus his calves are neat to look at--they're medium for frame size, stylish and sharp with a long rib shape and a sound structure. Foresight offers low birth weights and strong maternal genes with the bonus of solid growth.
